PHASE 4

Cover financial shortfall preventing property expansion

PHASE 5

Expand into second unit:
Renovate the space

PHASE 6

Expand into third unit:
Create library & play space

PHASE 5

Last spring, by the grace of Allah and with the help of donors like you, we were able to take on a new lease to start Phase 5 of our school expansion project. By fall, we completed our architectural drawings, applied for a *Change of Use* for the property (Development Permit) and invested in a brand new vehicle for student transportation, all of which cost us a total of **\$39,000**. By January, we received the go-ahead from the city of Vancouver to build (applications are costly and may take up to 6 months for approval). And so, with our new floor plans and the city's green light to build — we are ready to start our renovations **but need your help to make this happen!**

the costs

\$15,000

Our tuition doesn't cover our operation costs, so every year, donors like you, help us cover this shortfall to keep our doors open and offer **affordable and inclusive** Islamic education.

\$45,000

The total cost of adding:

- 2 new classrooms
- 1 new washroom
- Lobby and reception area
- Enhanced security features
